

# **INSTITUTE OF MANAGEMENT STUDIES**

**(1969-2019)**

**50 Years of Excellence**

## About Institute of Management Studies (IMS)

Over a period of time IMS has earned a reputation for academic excellence in providing practical and quality academic programmes in the field of Management. IMS is continuously working in the field of management education with the

objective of creating global leaders who can navigate the ever changing business landscape. The curriculum is constantly updated to meet the dynamic needs of industry and academia. This provides an opportunity to continuously engage in innovating curricula by envisaging current and emerging challenges and opportunities in business environment. Value inculcation is an integral component in the entire framework of the curriculum. Focus is on creating managers who are skill as well as value strong. IMS has a strong industry - institute linkage that has continuously provided unstinted support and co-operation in the area of curriculum enrichment, trainings and placement etc. At IMS we believe in Dedication, Determination, Discipline and Continuous Efforts. The students are groomed in such a way so as to meet the current and future challenges of the corporate work environment. The confidence that corporate world places on us is reflected in our

excellent track record of placements which is on a rise year on year basis. Today the institute has strength of 1800 students studying under different programmes.

### Vision

Excellence in all areas of performance of everyone associated with the Institute, and to impart quality education.

### Mission

Institute commits itself to identify young people with professional and entrepreneurial aspirations, talents, determination and trigger them off to become excellent inspirational leaders in their chosen pursuits by developing in them skills, insights, abilities, healthy habits, right perspective and clear vision. It focuses on holistic management education, training and conditioning of students through intellectual and informational inputs and activity centered experiential self discovery process to embolden them to assume responsibility to take charge and lead effectively.
